INTRODUCTION

Welcome to the Cameron Balloons Ltd Illustrated Parts Catalogue. Photos and illustrations contained within this manual for reference purposes only.

IMAGES ARE NOT TO SCALE.

Each item within this Catalogue has a dedicated Part Number. This number must be quoted when ordering. Further information such as model, serial number, size, master or standard cylinder and colour may also be required.

If you can not find an item in this Catalogue, please contact aftersales@cameronballoons.co.uk for further assistance.

Cameron Balloons Ltd reserve the right to change, substitute or delete any parts illustrated in this catalogue without prior notice. **Not all parts illustrated are held in stock** and may have to be ordered especially which can lead to delays or long lead times particularly for Lindstrand, T&C and Sky products.

For maintenance and repair instructions for Cameron and Thunder & Colt baskets, burners and fuel systems, please refer to the latest revision of the Cameron Balloons Maintenance Manual. This can be downloaded from www.cameronballoons.co.uk

For burners and fuel cylinders not listed in the Maintenance Manual, please contact Cameron Balloons Ltd for the applicable manuals and advice.

Authorisation to perform maintenance and repair in all cases is given by your National Civil Aviation Authority in accordance with their regulations. Cameron Balloons Ltd accepts no responsibility for either incorrect identification of parts or the fitting of any parts by anyone other than its qualified employees.

Copyright of this manual and illustrations is solely with Cameron Balloons Ltd.

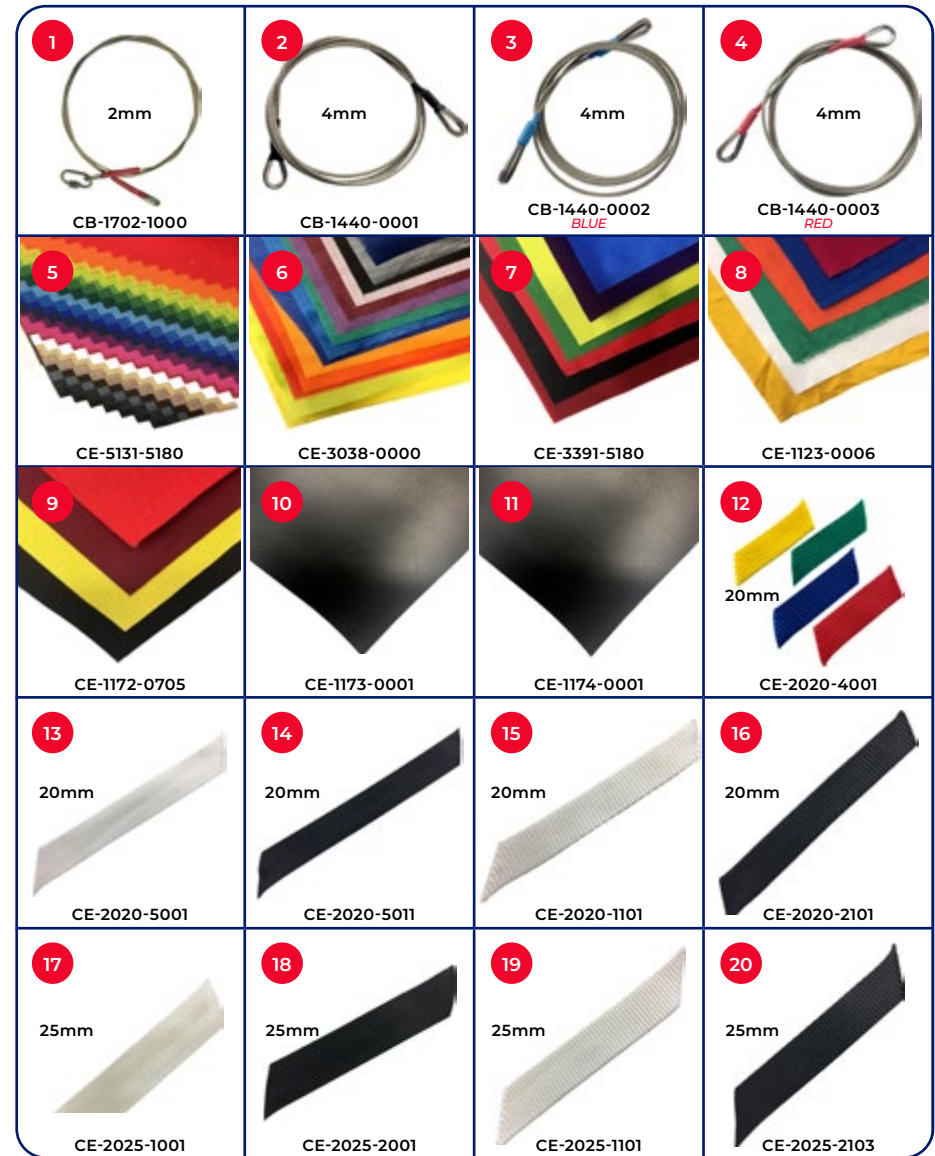

No unauthorised use or reproduction of this manual is permitted without permission in writing from the copyright holder.
